NOVEMBER 2023

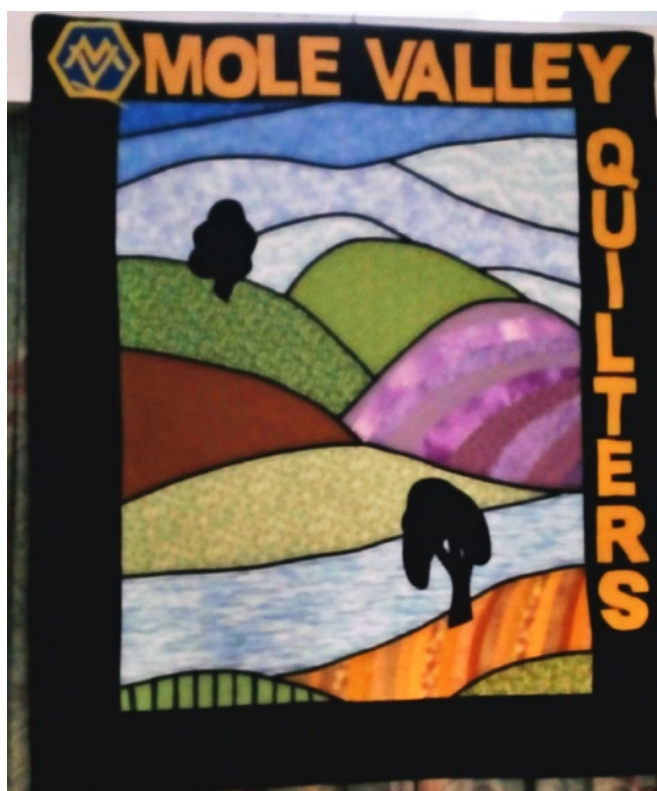

Dear Members

I am writing this as I look out into my garden and am amazed at the variety of colour still out there and the number of leaves still on my trees. If I look straight ahead I can see my apple tree which is as green today as in the summer - no yellow leaves in sight - but my acres have now turned amazing orange and red and the cherry tree is bereft of all its leaves, having given us an amazing colour show last week.

Nevertheless it is nearly November and Xmas is fast approaching. To help with those Xmas projects this week the meeting is a "retail therapy" treat. Creative Quilting are coming along with information on the latest new gadgets and techniques and a pop up shop to see if there is any fabric that you may need to complete/start your projects or - lets face it - just in case you need it for something even if you are not sure what!

Looking forward to seeing you on Thursday

Jane
