**NOVEMBER 2022**

Dear Members

Welcome to the November newsletter (already!)

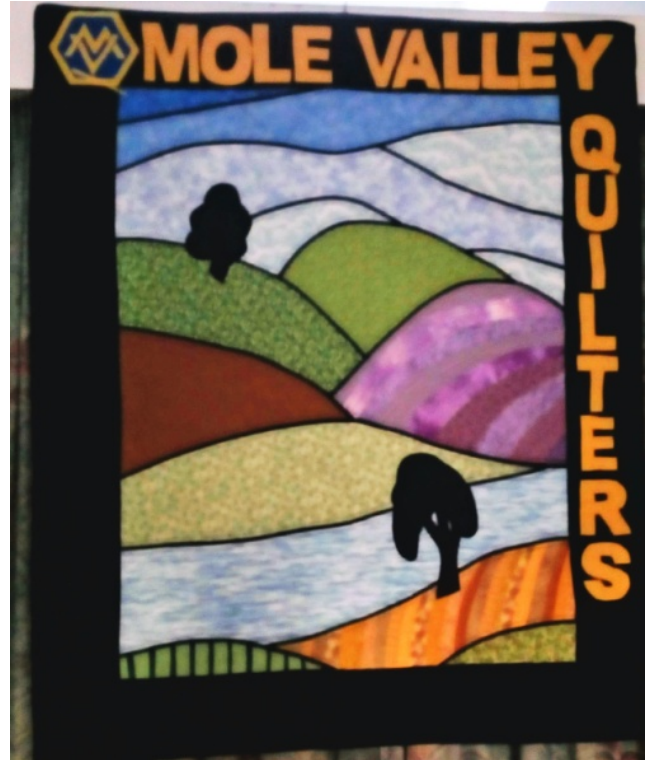

I can't believe how quickly time goes by - a new newsletter is now ready to go out. The clocks changed last weekend, Halloween and Guy Fawkes nights are later in the week ( as well as our November meeting on Thursday) and Xmas isn't far off.

Now that the darker nights are upon us and it is colder it is the ideal time to curl up with some quilting projects and perhaps take some time to make some items for the Bookham Village Day - it will come around sooner than you think.

Last month we had a great stitch and sew session - many people have said how much they enjoyed just being able to sit and relax with sewing and a cup of coffee and chat with old friends.

Committee members took the opportunity to ask members what they would like to see from the club moving forward, and are now in the process of collating the responses. The results will help to set the programme for next year.

Jane - membership secretary

## NEW MEMBER WELCOME

A warm welcome to Pat Dorling who joined MVQ at the last meeting.

## THE NEXT MEETING IS

### THURSDAY 3RD NOVEMBER

This month there is a speaker - Penny Armitage.

Penny will be speaking about "Appliqué and more".

As usual the meeting will be in the Harrison Room - please arrive at 7.15 for a 7.30 start.

## ITEMS FOR SALE

The committee is always looking for small craft items to sell for club funds and to advertise Mole Valley Quilters to potential new members.

If you have any items which could be sold or you could make something for us between your quilting projects, please put them in the box by the desk. Our first sale is on November 12th in Leatherhead Library - this is a new venture by the Library and is an ideal opportunity for us to attract potential new members.
