MAY 2023

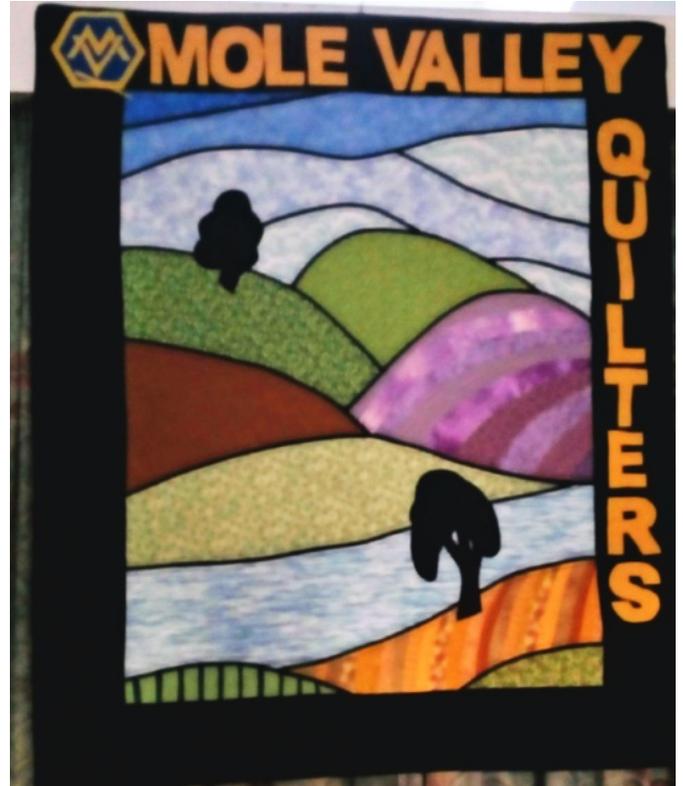

Dear Members

I am writing this after a lovely May bank holiday weekend and looking forward to the Coronation next weekend. I have my bunting up - the only house in our road so far - but put it up last week as I made it last year for the jubilee and am keen to get as much use out of it as I can!

With spring arrived at last - we have a nest in our blue tit camera nest box - everyone seems to be busily organising events and getting on with projects.

The newsletter this month is full of information about meetings and other events taking place. Our May meeting is this week and I look forward to seeing you all there.

Jane

THE NEXT MEETING IS
